

RxRights

Your Right to Safe & Affordable Medicine

RxRights is a national coalition of individuals and organizations dedicated to promoting and protecting American consumer access to sources of safe, affordable prescription drugs.

Rx Drug Spending

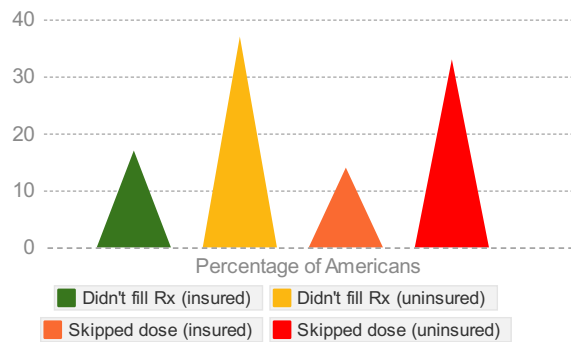

The U.S. spent \$1010 per person on pharmaceuticals in 2012, which is more than twice the \$498 average for OECD countries.

Americans take dangerous steps to cut medication costs

THE FACTS

Prescription drug prices are soaring

73 drug brands increased 75 percent or more since 2007

Source: 2014 Bloomberg News Survey

35 million Americans did not fill a prescription due to cost in 2014

Medication nonadherence can lead to serious health complications

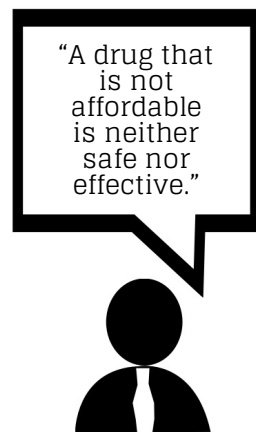

Source: 2014 Commonwealth Fund Report

International pharmacies offer dramatic savings

Consumers can save more than 52 percent on brand name drugs

Source: 2012 National Bureau of Economic Research Paper

"A drug that is not affordable is neither safe nor effective."

Dr. Stephen Schondelmeyer, University of MN School of Pharmacy

RxRights members believe we need legislation that facilitates personal importation of safe, affordable medicine. For more information and for tips on how to find a safe international online pharmacy, visit: www.rxrights.org
